## SUMMARY

Software Engineering graduate from NED University with 1.5 years of hands-on experience in full-stack development, specializing in .NET and React. Proven ability to build responsive web applications, integrate RESTful APIs, and deliver clean, maintainable code. Quick learner with a strong foundation in both frontend and backend technologies, eager to expand expertise in .NET frameworks and React ecosystems. Committed to writing efficient code and collaborating with teams to deliver quality solutions.

## KEY SKILLS

- **Frontend Development:** React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Design
- **.NET & Backend:** .NET Framework, RESTful API Integration, C#, SQL, API Development
- **Tools & Practices:** Git, Version Control, Agile Methodology, API Testing, Code Reviews
- **Database:** SQL, Database Integration

## PROFESSIONAL EXPERIENCE

### Software Engineer | Code N Consult, Karachi

Aug 2025 – Present (4 months)

- Work on Business Central automations and customizations using AL.
- Develop and maintain backend workflows and API integrations for enterprise solutions
- Collaborate with team members to understand business requirements and implement technical solutions
- Participate in code reviews and follow best practices for code quality and documentation
- Quickly adapt to new tools and frameworks as project requirements evolve

### Full Stack Software Engineer | Andev Matrix, UAE (Remote)

**Aug 2024 – Aug 2025 (1 year)**

- Developed web applications using React.js for frontend and .NET for backend API development
- Built responsive user interfaces with React, TypeScript, and JavaScript
- Integrated RESTful APIs between React frontend and .NET backend services
- Worked with SQL databases to implement data-driven features
- Collaborated in Agile teams to deliver features on schedule
- Gained practical experience in full-stack development workflows

## **Frontend Development Intern | Infosys Tech**

**6 months**

- Developed frontend components using React and JavaScript
- Assisted in REST API integration for web applications
- Participated in Agile sprint planning and code reviews

## **EDUCATION**

**Bachelor of Engineering in Software Engineering | 2021 – 2025**

NED University of Engineering and Technology, Karachi

## **PROJECTS**

### **Study Connect Web Application**

- Built a web platform using React and TypeScript
- Designed responsive interfaces and integrated RESTful APIs
- Implemented real-time features for user profiles and booking flows

### **Asaan Campus (Thesis Project)**

- Developed mobile application with React Native frontend
- Integrated REST APIs built with .NET for academic data management
- Implemented SQL database queries and real-time data updates

### **Language Access**

- Created React Native mobile app with responsive UI using TypeScript and JavaScript
- Integrated RESTful APIs for backend communication
- Implemented SQL database queries and real-time data updates

## CERTIFICATIONS

- Google Advanced Data Analytics & Machine Learning | Google, 2024
- Web Development with HTML, CSS, and JavaScript | IBM, 2023

## HONORS & AWARDS

- **Winner - Web Development Competition** | Sentec Society, NED University (July 2023)
  - 1st place in university-wide web application development competition
